*Hiring Manager*

Dear Hiring manager,

I am writing to express my strong interest in this role. As a student, I have consistently maintained a high academic performance with 8.79 Cgpa. Apart from college, My passion for software engineering led me to learn Java programming and web development on my own and also gained hands-on experience by working with different teams.

In addition to my academic achievements, I have completed a 6-month internship as a "Web Developer Intern" at BRAIMINT Company, Chennai. where I worked collaboratively with a diverse team on real-world project. This experience not only improved my technical skills but also provided me with insights into effective teamwork, communication, and problem-solving. During this time, I contributed to both frontend and backend development, working collaboratively with a team and utilizing version control systems such as Git and GitHub, including the implementation of GitFlow methodology.

I am particularly proud that I have contributed more than 50% of the project in the team. And recognized as the "BEST INTERN OF THE MONTH" during my internship, my commitment to delivering quality work.

As a "Vice President" of TechPro club. I organized numerous technical events and workshops, where I had the opportunity to share my knowledge and passion for programming with a wider audience. These experiences have not only enhanced my communication skills and the ability to mentor fellow students.

Joining this company aligns perfectly with my aspirations to continue learning and contributing to impactful projects. I am eager to engage with new challenges, learn from industry experts, and contribute my work to your esteemed team.

Thank you for considering my application. I am looking forward to the opportunity to discuss how my skills and experiences align with your team's needs.

Sincerely,

**ARAVAPALLI NITHIN**
